YEAR 1 AUTUMN 1

MATHEMATICS

- Numbers to 10
- Subtraction within 10
- Addition within 10
- Positions
- Numbers to 20

ENGLISH

In writing, we will be focusing on characterisation and using adjectives to form a sentence effectively.
In reading, children will be focusing on applying their phonetic knowledge and skills to decode words and read common exception words.

PSHE

This half term we're going to be focusing on the topic 'relationships'. This will include discussions about families, friendships, outsiders, and safe relationships. We will talk about our feelings and learn how to regulate ourselves independently.

SCIENCE

We will be identifying different sources of pushes and pulls. We will be enjoying some practical lessons during this term to enable us to explore ways in which forces can be applied. There will be lots of chances for verbal discussions to explore various items that can be pushed and pulled.

ART

This half term we will be focusing on an artist named H Kyoht Luterman. We will discuss his ideas, identifying what we like and dislike about his art and then we will create our own dinosaur masterpiece by sketching and painting.

GEOGRAPHY

In Geography we will be learning about where dinosaur fossils were found and locating continents on a map. The children will be using basic geographical vocabulary to refer to key physical features.

RE

We will be looking at recognising that loving others is important in lots of communities. We will identify the similarities and differences of belonging in the Muslim, Christian and Jewish community.

YEAR 1 AUTUMN 1

MUSIC

It will be a busy half term of singing, dancing and playing instruments in class. Making music together requires us to understand the difference between the beat (pulse) and rhythm. The children will follow pictorial and basic notation to play their part.

PE

It will be a busy half term of singing, dancing and playing instruments in class. Making music together requires us to understand the difference between the beat (pulse) and rhythm. The children will follow pictorial and basic notation to play their part. You may hear about our music monsters such as 'Rory Rhythm', 'Peter pulse' and 'Tina Tempo'.

COMPUTING

As junior programmers we will using different skill to understand algorithms. We will also be using a drawing software like Scratch to create different dinosaur characters.

HOMEWORK

Topic related homework:
Can you make a dinosaur our of junk modelling resources?

Reading together every day is the most powerful way to build your child's confidence, vocabulary, and lifelong love for learning.

Please do not hesitate to email me about anything at all!

TOPIC

The children will be learning about dinosaurs' habitats and diets. We are going to be learning all about fossils and discovering the different types of fossils. We will use maps to identify the various continents that dinosaur lived in and where fossils were found.

KEY DATES

PE days are on Wednesdays and Thursdays, so please ensure your child comes into school in their PE kit on those days.

9.10.26 RE Day
