Year 2 Curriculum Newsletter

Dear Parents and carers,
We have lots to look forward to this term. We will be helping the children settle into Year 2 and support them to achieve their full potential.
This year, we have Miss Watson working alongside Miss Moyse in 2W, and we are very lucky to welcome Miss Sproson into 2S, supported by Miss Sampson.

Our Learning

Writing: We will be looking at the texts 'How to Wash a Woolly Mammoth and 'The Day the Crayons Quit'. We will be writing instructions telling Zookeepers how to wash a wild animal and then writing a persuasive letter.
Maths: We will be focusing on place value; addition and subtraction of two digit numbers and beginning to look at multiplication and division.
Reading: In reading we will be listening to the children read in small groups and will do some comprehension activities as a class.
Science: Our science focus is 'Everyday Materials'. We will be learning about different materials and their properties.
PSHE: In PSHE our topic is 'Relationships'. We will be exploring what positive relationships look like and how to be a good friend to others.
RE: Our RE day this half term will be focus on the religion of Islam.
Art: We are learning about the artwork of Claude Monet. We will be using oil pastels to recreate his 'Waterlillies' painting.
Geography: In Geography we will be looking at Locating and Mapping. We will be looking at Jersey and our local area, the United Kingdom and continents and oceans.
PE: During their PE sessions this half term, the children will be revisiting some key athletic skills such as running, dodging and jumping. Whilst they will also continue to develop fundamental skills such as throwing, catching, kicking and rolling. They will be looking to apply all of these skills in engaging and exciting games.
Music: This half term is all about rhythms and starting to read music, especially crotchets, quavers, minims and semibreves. We shall sing, dance and play instruments together, keeping the beat together and developing our musical skills. You may hear about our music monsters such as 'Rory Rhythm', 'Peter pulse' and 'Tina Tempo'. We often learn through musical games and activities, but there will always be singing!
Computing: The children will be using iPads to programme quizzes.

Upcoming Events

15.10.26 - Zoo Trip

23.10.26 - INSET Day
