# Superhero Stick Puppet

You will need:

Lolly stick

White or beige card

Black and yellow colouring pencils/pens

Scissors

White glue

Instructions

1. First, draw and colour a triangular-shaped cape onto card and use your scissors to cut it out. This needs to be slightly shorter than the length of your lolly stick.
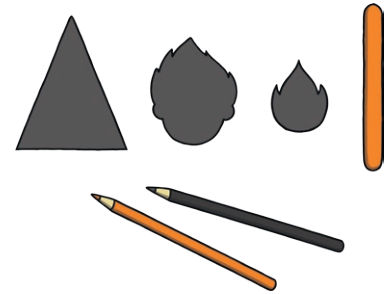

2. Next, draw a face shape onto card for your stick puppet, colour it in and use your scissors to cut it out.
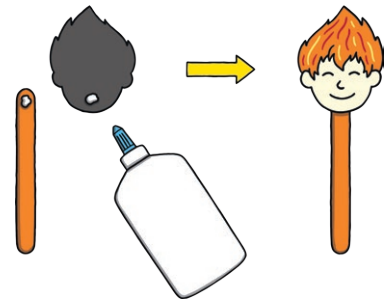

3. Then, draw, colour and cut out a superhero symbol or logo onto card, which will go onto the front of your puppet. This will need to be the correct size for the cape you have made.

4. Now, colour in both sides of your lolly stick and the back of the face, cape and logo.

5. Once the pieces are dry, stick the puppet face to the top of your lolly stick.

6. Finally, stick the cape onto the back of your lolly stick and the logo onto the front. It is now ready to fly!
