

Jersey Library Online – Facebook Activities

Whilst the library is closed we are using Facebook to continue some of our regular activities and events.

We have story sessions; Baby Bounce, Toddler Time and Storytime, filmed and broadcast by library staff working from home.

The Channel Islands Children's Book Award is still running and the four shortlisted titles are available to borrow online and children can vote for their favourites at www.cichildrensbookaward.org. We are also setting challenges accompany each book.

We will be launching our new online Lego Club on Friday with a new building challenge being set every week.

There is always something going on on our Facebook page. This week we are celebrating World Book Night.
