

Dear children, parents and carers

Please find attached an important document from the Government about the re-opening of schools.

I am delighted that we will soon be able to welcome all of our children back to school.

We need to make sure that their return is as safe as possible and we will be sending out further information around this over the next 24 hours giving clear instruction as to which year groups will return and when.

There will also be strict instructions and guidance around accessing the school site and changes to the timings of the school day. This is important to ensure that all recommended safety measures are in place.

Please keep checking emails for updates.

As always, contact the school directly on any and all queries and concerns you may have and we will continue to do our best to support you over this time.

This is really good news and I look forward to seeing you all very soon.

Regards

Iain George

Headteacher
