School Attendance Report

2023/2024

School Attendance Annual Report

2023/2024

Janvrin

Sessions

- This report represents session attendance rather than lesson attendance.
- This report is looking at both AM and PM sessions unless otherwise specified on page/visual.
- The figures in this report might change from an academic year to another due to the data being refreshed every term for the whole current academic year, which means that any changes to the previous terms data will be reflected in the most recent attendance report.

Reporting Data

- The Benchmark has been named All Other Schools and it represents All Other Government Mainstream Primary Schools (your school has not been included in the benchmark).
- The data includes all compulsory school age pupils (Years 0 to 6) that attended the school at any time during the academic year.
- The attendance data between 23/03/2020 and 31/07/2020 has been marked as Exclude for reporting purposes as this represents the period the schools were closed due to Covid lockdown in academic year 2019/2020 and the recording of the data during that period is inconsistent.
- If no historical trend is provided, the data represents academic year 2023/2024.
- In this report a confirmed case of Covid (attendance codes 7 and I02) has been classified as Authorised absence and all other Covid related absences have been classified as Exclude.

Present Rate Groups (AM)

- Excellent (>99%) - includes pupils with attendance rate higher than 99.0% .
- Good (95%-99%) - includes pupils with attendance rate higher than 95.0% and up to 99.0%.
- Fair (90%-95%) - includes pupils with attendance rate higher than 90.0% and up to 95.0%.
- Of concern (85%-90%) - includes pupils with attendance rate higher than 85.0% and up to 90.0%.
- Of significant concern (<85%) - includes pupils with attendance rate below or equal to 85.0%.

Persistent Absence

- Persistent absence rates look only at AM sessions.

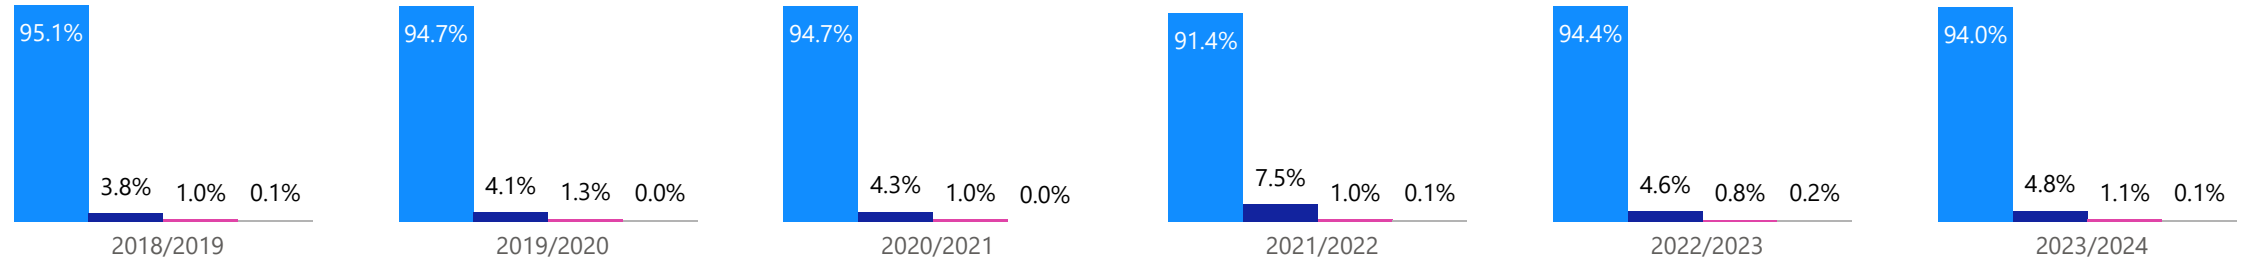

Lateness

- Both AM and PM sessions have been included in the Lateness rates/numbers.
- Persistent lateness represents 10 or more late sessions per term or 30 or more late sessions by academic year.
- Lateness includes codes L (Present) and U (Unauthorised).
